

# P5 Chinese Vocab List by Topic

Common Primary 5 词语 grouped by theme, with hanyu pinyin and English meaning. Aligned to common P5 themes.

**How to use this list:** Don't just read it — **use it**. (1) Pick one theme a day and do a mini 听写 (tīng xiě) — cover the 词语 column and write each word from the pinyin. (2) For every word, say a full sentence aloud (造句 / zào jù) so the meaning sticks. (3) Tick off words you already know and circle the ones to revise before your next 听写. This list is loosely aligned to common P5 themes (e.g. the 欢乐伙伴 strands) — it is a revision aid, not a copy of any textbook.
